

the difficult environment in which the committee was forced to work.

I understand the reasoning behind the committee report's words of caution to the administration pertaining to policy decisions and sound science with regard to global climate change, but I would like to reiterate that the energy efficiency programs funded in this bill are programs that our Nation has been investing in for years, long before the debate over global climate change occurred. I believe that any debate relating to climate change in the Kyoto Protocol should be conducted independently of this bill.

The committee was able to provide an increased diffusion energy program above the administration's request. I am pleased the committee has also provided generous increases in the basic science research and development account and in areas such as high energy physics.

This bill continues to support the crucial effort of our Nation to maintain our nuclear weapons stockpile through the National Ignition Facility and the ASCI program. Because of the tight allocation, there are shortfalls in some areas like the Uranium Enrichment Decontamination and Decommissioning Fund, and I would like to be able to address this and other shortfalls in conference, if it is at all possible.

In short, I think that the gentleman from Pennsylvania (Mr. MCDADE) and our committee have done a good job in a tough year. Mr. MCDADE, who cannot be with us today, I think is a strong advocate of all of the demands that are placed on this bill by people looking to develop the economies of their local regions and districts. He and I support the open rule, but I believe this bill can withstand any amendments that may be proposed on the floor just as it did last year.

So I ask for a yes vote on the rule and a yes vote on the Energy and Water Appropriations bill in hopes that when we get to conference with the other body we may be able to do more of the legitimate requests that have been made of us that we have unfortunately been unable to account for in this bill.

Ms. PRYCE of Ohio. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I appreciate the remarks of the gentleman from California, the ranking member, and I also appreciate his hard work, that of the entire committee and that of the gentleman from Pennsylvania (Mr. MCDADE) for a very tough job under difficult circumstances.

I have no further speakers, Mr. Speaker.

Mr. MOAKLEY. Mr. Speaker, I yield back the balance of my time.

Ms. PRYCE of Ohio. Mr. Speaker, I yield back the balance of my time, and I move the previous question on the resolution.

The previous question was ordered.

The resolution was agreed to.

A motion to reconsider was laid on the table.

PROVIDING FOR CONSIDERATION OF H.R. 4059, MILITARY CON- STRUCTION APPROPRIATIONS ACT, 1999

The SPEAKER pro tempore (Mr. LATOURETTE). The pending business is the vote de novo of agreeing to the resolution, House Resolution 477, on which further proceedings were postponed earlier today.

The Clerk read the title of the resolution.

The SPEAKER pro tempore. The question is on the resolution.

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

Mr. OBEY. Mr. Speaker, I object to the vote on the ground that a quorum is not present and make the point of order that a quorum is not present.

The SPEAKER pro tempore. Evidently a quorum is not present.

The Sergeant at Arms will notify absent Members.

The vote was taken by electronic device, and there were—yeas 231, nays 178, not voting 24, as follows:
